**YOU SAID YOU WOULD LIKE TO USE THE SCHOOL'S FACILITIES, PARTICULARLY FOR SPORTS AND EVENING CLASSES...**

**SO WE WILL MAKE THESE AVAILABLE TO YOU.**

## **A SCHOOL FOR THE LOCAL COMMUNITY**

The new school will bring a number of exciting new facilities for the community to use.

- School 21 in Stratford has been supporting local families, charities and businesses for a number of years - most recently during the pandemic.
- The school is excited to bring this approach to Plaistow - supporting the local community with fundraising events and volunteering.
- The school will bring a number of high-quality facilities which the local community will be able to use, including:

- An indoor sports hall
- Sports pitches and two multi-use outdoor games areas
- A performance centre for drama, music and live events
- Teaching rooms and IT facilities for adult learning courses
- A café and dining area, which can host community and social events
